MR. LATOURNELL FOR CITY ENGINEER.

The resolution fathered by Ald. Mould at Monday night's meeting of the council, to give Mr. Latournell, acting city engineer, the permanent appointment at a salary of not less than \$800 a month, should go through. Mr. Latournell has been in the city's service for several years and for a considerable time has had all the responsibilities on his shoulders that previously devolved on men who were supposed to occupy a higher standing in the profession and who drew much larger salaries. But Edmonton has never had a city official who gave more unmistakable evidence of capacity and integrity and whose work has won a larger measure of confidence from those with whom he has had to deal. With such a man available, one who has been given a thorough trial and who has the additional advantage of close acquaintance with the city's different undertakings, it is folly to look elsewhere. Mr. Latournell is not the kind of city official who claims to "know it all" and is above seeking advice from others with the result that he makes the municipality into all kinds of expenditure without the wisdom of the course which he recommends being thoroughly tested. Edmonton will be from time to time face to face with undertakings which will require the advice of the most expert engineers on the continent. One of these is now to the fore in the scheme for the extension of the sewer system. Mr. Latournell has worked on a very comprehensive plan which to the lay mind seems to be admirably conceived. But in presenting it, he asked permission to submit it to some engineering authority in the east before the final sanction was given. If this procedure is followed in other cases, it will avoid the necessity of having the \$7,000 to \$10,000 man as city engineer, the appointment of whom has been suggested, while citizens may rest assured that their interests are being fully protected.

THE UNIVERSITY AND THE AGRICULTURAL COLLEGE.

It is understood that Dr. Tory, by the address which he gave yesterday to the delegates to the farmers' convention, did much to remove any hostility which may have existed in the ranks of the association to the plans which are being worked out to incorporate agricultural teaching as part of the general educational scheme of the province. There is no question that the agitation which has arisen against the University's proposals is due almost wholly to a misunderstanding of their import. Whenever the president of the institution has delivered an address explaining them, he has succeeded in convincing the majority of his hearers that he was working along the right lines. This was notably the case at a meeting of the farmers of the Innisfail district a month or so ago. But he had no sooner given that address than certain newspapers accused him of abusing his position. They reminded him that he was an employee of the province and denied him the right to "stamp" the University, as they described his action, to secure the adoption of a certain line of policy. This criticism struck most people as unfair and encouraged them to help the people of Alberta to form a conclusion in regard to the question at issue that was calculated to advance the interests of the province. Dr. Tory was brought to Alberta as an educational expert. That he had the best of claims to be considered such, one acquainted with his career in the East will deny. It was his duty to elaborate a general university scheme. This he did, with a view to building up the institution, on the success of which he had staked his reputation. What more natural that those who wished to know what he was aiming at should ask him to explain the details of his plan? He did so, when requested, giving a

plain, matter-of-fact statement. Those who disagreed with him were perfectly entitled to do so, and they certainly seized every opportunity to express their views. But when they began to accuse him of missing in a political question, it made it difficult for him to continue the discussion. At last, however, a more reasonable attitude seemed to prevail, with the result that the various like discussions all came to see that the ideas proposed by Dr. Tory are those which are best calculated to advance the province's welfare. The announcement made by Premier Rutherford on Wednesday morning that Senator Talbot, who was the most active and influential person in the first place of the proposal to affiliate the agricultural college with the University, now approves of the plans that have been worked out, is of no small significance.

The editorial page extends its sympathies to the sporting page. It was a game night that the boys of the Edmonton team put in the face of their greatest odds. Perhaps it is just as well that they lost, however. We have a very busy year ahead of us in Edmonton and if the cup had been won, who can tell when the celebration would have ended?

The fact that it was raining in Ontario when the first cup game was played suggests a rather original line of thought, the superiority of Alberta weather to that of Ontario. Especially has it shown that it is a very dangerous thing to boast on the editorial page as to our beautiful climatic conditions, for you never can tell what will happen before press time, if it is difficult to understand how anyone in the face of the present winter and in a position to average up over Alberta winters, can be anything but enthusiastic about them. Three days before Tuesday's rainstorm in Ontario, this was what the people there were experiencing. The Hamilton Spectator of that date says:

"A real old-fashioned winter blizzard visited Ontario last night, and today it is still raging. The storm is a general one, and from all over the province come reports of trains blocked, street car systems tied up and the general effect which follows when the storm king takes possession. Locally the storm was a bad one, the worst in years was the report of local railroad officials. All over the city snow was piled high, and five feet deep on the roads. The strong wind which accompanied the snow storm made it very disagreeable, besides causing the snow to drift and thereby impede the general traffic."

What vagaries of the weather in this part of the Dominion were ever as disagreeable as these?

NAME STRUCK OFF THE LIST

Summary Treatment of Graduates for First Time at Toronto University

For the first time in its history the University of Toronto, through its governing body, the senate, has cancelled a degree. At a meeting of that body last Wednesday the degree won many years ago by Stephen B. Pollard was cancelled, and his name will be struck off the roll of University graduates.

On October 30th last Judge Winchester sentenced Dr. Pollard to five years in Kingston penitentiary for performing an illegal operation. His trial, it will be remembered, lasted some time, and the first conviction registered by a jury in the sessions was carried to the court of appeal. A second trial, ordered by the court, resulted in his being sent to prison.

Following his conviction the Ontario Medical Council, after much deliberation, and the hearing of arguments, it was voted to strike his name from the rolls of the council. Last night's action was that of an entirely different body. Reporters were informed this morning that no opposition to the proposed action was offered at the senate meeting the other night.

"It was an action so far unique in the history of the University," the scribes were told. "It has frequently happened that the medical council has taken similar action, but the University has never done so. In many ways it is a pity that it has not, and there is a chance that it will in future, now that the first step has been taken. The cancellation of a degree is a much more serious thing in one way than that of a license to practice, because it is possible to restore the latter right; to cancel a degree is however final."

"LADY HUNTWORTH'S EXPERIMENT"

Captain Doravast, late Bengal Cavalry Mr. H. A. Dickey
Rev. Audley Pillenger, Vicar of Stillford, in the Parish of Dronborough Mr. D. L. Robinson
Rev. Henry Thorsby, his Curate Mr. V. C. Manuel
Gandy, Manservant at the Vicarage Mr. H. M. Williams
Newspaper Boy Master J. McMillan
Mr. Crayall Mr. A. E. Nash
Miss Hannah Pillenger, Rev. Audley's Sister Miss Cornelia Hughes
Lucy Pillenger, their Niece Miss D. Dickey
Keziah, Servant at the Vicarage Mrs. Barrow
Caroline Rayward, Cook at the Vicarage Mrs. Balmer Watt

A delightful play and a thoroughly good presentation! There was no disagreement with verdict on the part of those present at the initial performance of the Edmonton Dramatic Club at the Empire Theatre last evening. No better medium could have been chosen for the display of the club's talent. "Lady Huntworth's Experiment" is the production of a master playwright, Mr. R. C. Carton. It is admirably constructed, the situations are well conceived and the dialogue clever. It is full of passages genuine humor, and has several which call for work of the very highest order, notably those in which Crayall and Caroline figure in the first and second acts.

The burden of the evening falls upon those to whom are assigned the parts of Caroline, the former Lady Huntworth masquerading as a servant in a country vicarage; her whimsical husband, who seeks her out under the name of Crayall; the vicar, Mr. Pillenger, and the retired Indian cavalry officer, Captain Doravast, the latter two, along with the vicar's butler, Gandy, having fallen victims to the charms of the fair kitchen maid.

As the whole play revolves around her personality, Caroline is on the stage for most of the evening. The role is, therefore, an exceedingly trying one and there were evidently no two opinions about the fact that Mrs. Watt rose to the occasion admirably.

The first encounter with Crayall in the vicarage garden and the interview with him in the early evening in the kitchen called forth no inconsiderable dramatic power from both principals. Mr. Nash rendered no introduction to an Edmonton audience, and last night he fully sustained his reputation. His interview with Pillenger, following his

of the Senate's action are almost unanimous in their approbation of the action. Some were, however, not satisfied that the University Senate had the power to cancel a degree, if it were conferred by an affiliated college. Some doctors were of the opinion that the governing body of the University would not have such authority. The University regarded this question at rest, however, by showing that Pollard was a Toronto man, and not a Victoria or Trinity. He took his M.B. degree in 1869, and his M.D. in 1888.

Medical men are very loath to discuss the Pollard case, but a reporter

was informed that the great majority of them were entirely in sympathy with the University's action.

entrance, was a most finished bit of acting. If there is any criticism to be offered of his work in the very strong second act, it is that he lapsed into a state of drunken imbecility a trifle too quickly. A crying baby in the audience also interfered to a deplorable extent with the effectiveness of the best scene in the play.

One would have to travel a good many hundred miles to witness a more humorous characterization than that of Mr. Robinson as Mr. Pillenger. He has many good lines and he made the very most of them. Mr. Dickey, as Doravast, has a good conception of the part, and, in the breakfast-table scene and in that at the fall of the curtain he was particularly effective.

Mrs. Barrow, as Keziah, was capital. With Gandy, as they go in and out of the kitchen during the progress of the evening meal, she furnished one of the most amusing bits of the play, and it was a matter of regret with many that her appearances were not more frequent. There are few professionals who can play the butler, or any part of that character, more effectively than Mr. Williams. His proposal to Caroline will not soon be forgotten.

Miss Dickey made a charming Lucy, too charming in fact for the audience to understand why Carton should have her up so readily. Miss Hughes as the vicar's sister had a rather unthankful task, to which she, however, did full justice, while Mr. Larry Manuel came up to the requirements of the love-lorn curate.

Nor should the newspaper boy, Master McMullan, be left unmentioned.

For a first night everything went very smoothly. The ease with which most of the last act passed off is an indication that tonight and at Saturday's matinee and at night finished performance may be expected. Apart from a feeling of pride in local talent, the play should be well attended. Judged by the most exacting standards, it is a clever effort and will give a great deal of real pleasure to all who have the good fortune to witness it.

Y. M. C. A. PLAY BASKETBALL

Two Exciting Games Take Place in the New League—Boys' Club

Form League

Two fast games of basketball were played in the new Y. M. C. A. League on Wednesday night. In the first game between the Stars and the Cubs the latter were defeated by a score of 29-16 points. From the first of the game it was evident that the Stars had the best of it, both in combination and shooting. Clarke played a whirlwind game, but had a lot of hard luck with his shooting. Chown put up a brilliant exhibition of shooting, scor-

ing from almost any position of the field. At half time the score stood 16-4 for the Ash septet but in the last half the Cubs began to find the basket and made twelve more points. The game was fast all through and was a good exhibition of basketball.

The second game was between Edmonton's Kids and Dingle's Comets. Both teams were evenly matched and the play was fast and furious at times. Most of the scoring for the bunch of "Kings" and Seymour for the shooting Stars got in some extra good work making six baskets in all. Culon's team finally won with a score of 35-20.

The members of the Y. M. C. A. Boys' Club have formed a new basketball League for the year. It was decided at the meeting held on Wednesday night to divide the members into three sections according to weight: Senior section 115 lbs, and over; intermediate section 85 lbs, and over; Junior section under 85 lbs. President: E. Hammon; Vice president: Hugh Stanton; secretary, Arthur Parada.

Captains—Senior: W. Armstrong; Jas. Bill, Clarence McIntyre, Frank Wharton; Intermediate: Dan Bradley, Ray Ross, Whitehead, Hugh Stanton; Junior: Clinton McArthur, G. Perney, E. Butchart, Neville McLean.

CALGARY BALL TEAM LOSES PLAYER

Manager Carney will Have to Get Out and Sign a Few Stars for His "Cupwinners"

calgary ball team—continued

Pete Strudridge is booked for the Vancouver pitching staff this season as also Harry Rush, Smith, our star third baseman, is billed for the third sack with the same club. Graham is to play with Tacoma, so Bill Carney will have to get a hustle on if he is going to get players who can fill the shoes of these men. He is also in need of a shortstop and a catcher, though he has a couple of good ones in view. As things look now it would appear that the Calgary infield will be absolutely new excepting Connors on second, so Bill Carney

will have to go out on a limb to get the others will be unknown.—Calgary Herald.

The Deacon apparently thought so for no note was enclosed with the contract.

EDMONTON CHALLENGERS BEATEN BY BETTER TEAM

Ottawa Takes Final Game for the Stanley Cup by Thirteen to Seven

BOYS PULLED UP IN SECOND HALF

Whitcroft and Bert Boulton did the Lions Share of the Scoring for Edmonton While Ridpath was in the Limelight for the Cup Holders

—A Rough Contest

Special to The Capital.

Ottawa, Jan. 20.—Poor team work and lack of heart by the Edmonton Stanley Cup team gave the Ottawans the second game by the score of 13 to 7. But the westerners out-skated them and had the best stick handlers.

Where the challengers were weak was in the forward line. They had no body game through this. Ottawa escaped in the opening in the flags at every opportunity. The ice was again very heavy. While it was keen at the start the challengers held Ottawa for over fifteen minutes without a score.

The general verdict here is that Edmonton would have won the second game if the ice had been keen. Ottawa out-generalled their opponents in tight corners. The visitors used their bodies to better advantage than in the opening game and had the defenders pretty well all in when the gong sounded.

Play was pretty rough at times and the penalty list was heavy. The challengers showed better condition than the Ottawans and on the close of the game had Ottawa on the defensive. It was a great battle.

The husky Westerners ignored defeat right up to the finish. They put up a great game considering the odds.

Both Miller and Boulton starred for Edmonton and at time did the greatest share for their team.

While the ice was keen Ottawa did not score. Edmonton held them down to the crowd's amazement in the first half. The first score by Ottawa took about fifteen minutes. Whitcroft at all times was after the rubber individually, and there was no one on the ice who could catch him, but one man can not win the Stanley Cup these days.

Whitcroft played three positions nearly all through the game, Miller's Ross' and his own. Time and again in brilliant dashes the whole length of the rink he tried to work his combination play so effectively the first game, but the only man with him was Boulton and no one behind to bore in on the nets. Ottawa had got wise to this and checked Miller, Dalton and Boulton hard.

Miller was the toughest man on the team. Roberts, the light weight, was away every time, which meant a score. Just before half time Miller was fagged and resorted to body work, when the referee sent him off amid the biggest cheer of the night from the crowd.

Apparently he needed the rest. Walsh of Ottawa was off color stick handling but was there with the staying power. Edmonton went to him especially. Locomotive rushes by Lake and Shore from Ottawa's defence were responsible for half Ottawa's scoring.

The attendance was about 4,500. At half time the Edmonton enthusiastic rosters felt blue but in the dressing room the players smiled gamely. Field in the second half played mostly on the forward line and assisted Whitcroft considerably. With the score 13 to 7 in the second game Ottawa retain the cup by virtue of goals to the merit of the players or struggle. Edmonton leaves capital with the best wishes here by the fans that they may again return.

Arena, Ottawa, Jan. 20.—Ice like polished marble has been dashed up for the second game of the Stanley Cup series between Edmonton and Ottawa this evening. Edmonton claims to be hard ice men and their desire has been satisfied. The westeners say they have done much better Tuesday night it not been for soft ice. The Alberta boys are admitted to be the best team that has come in search of the cup since the famous Tom Phillips and his team battled for the mug several years ago.

The British elections are not in it with the excitement over this hockey

game tonight. The rink is filling up fast.

Betting is 2 to 1 Ottawa keeps cup and even money on tonight's game.

8:35 p.m.—Ottawa comes on ice receiving great reception. 8:37—The Alberta boys jump on ice, who also get great reception.

8:38 p.m.—Both teams warming up and show class jump and get the usual gosh from the rush end seats.

8:39—Edmonton is fit and express conviction that they will win tonight's game if not the cup.

Miller will be busy now, he is showing up well. Face off at centre. Ottawa gets it and tries hard shot from back. Good goal. Face off, off side. Ottawa gets it and Field stops it in turn to lose to Ross, who dodges it and dashes but Shore takes from him. There is a lot of hooking going on, but both teams willingly mix it up.

Flash, Ottawa scores in 12 minutes.

Flash; fourth goal; Ottawa, 30 seconds.

Ottawa has it, comes down, Whitcroft steals it and goes through while team but is dumped hard to boards. Ottawa has puck, b unless to Whitcroft who was about to shoot, but was tripped by Shore and he goes off. Lake brings it down and Shore starts to Rebers. Later shoots, but it is blocked. Both teams jumping at each other. Senators going at Edmonton fiercely. Field goes off for tripping.

Flash; ninth game, Ottawa, Ridpath, 3 minutes. Ottawa has seven men and Edmonton five players but the broncos are holding them. Tenth game, Ottawa, Walsh, 1 minute. It was Sturdi, who scored the tenth goal.

Ottawa attacks and shoots. Ottawa is too much for Edmonton now, having seven men to five.

The smoke is beginning to clear over the rink. Ottawa attacks again. It is a defence game for the westerners. Flash; half time. Edmonton seems to be tiring badly at end of the first half.

Score at half time—Edmonton 2; Ottawa 8.

9:30 p.m. after the sweepers got through the ice shows up well. The cow punchers are a game lot but the Senators are one too many for them. Edmonton keeps boring right through Ottawa nets, but Lester is a player, bring bilious and turns in kinds of shots aside. The smoke in rich, smells Newfoundland fog. Every man on the Albertan team is fighting to the last ditch. "No Surrender" says Whitcroft, but that will not win the silverware.

In the dressing-room the players show the grueling work of the first half. Miller the bushy haired boy is playing great hockey. Flash; 9:37 p.m. Both teams out and eager for the fray. Officials call men to centre to begin second half. Flash. They are off. The westerners are grouped now planning an attack in this half.

PLANS FOR EXHIBITION GROUNDS
REQUIRED

The Board Offers Prizes for the Best
Set of Plans Submitted

Plans showing the best lay-out of grounds, the location of buildings, main entrance driveways, walks, etc., may be submitted by anyone to The Edmonton Exhibition Association, Ltd., until February 10th.

Blueprints of the Exhibition Grounds on which are shown the permanent location of the race track and fence and C.N.R. and G.T.P. Railways, also the street railway on the north side of the grounds, may be obtained at the Board of Trade office. A deposit of \$2 is required from anyone taking a blueprint plan as a guarantee of good faith, this amount will be refunded to all submitting plans. A plan however accessible to all will be kept on the wall of the Board of Trade office. It is proposed to request the City Council to extend the Street Railway east on Kinnaird street, thence east to the park.

The following prizes are offered: For the best plan, \$50; second best, \$150; third best, \$5, which are to become the property of the Exhibition Association. The Association reserves the right not to accept any plan, or if there are not more than three competitors, to award only two prizes.

The competitors are purposely given a wide scope to submit plans which will in their opinion be best suited to the grounds and the present and future needs on exhibition lines of the growing city of Edmonton.

FARMERS as Legislators.
"Farmers are often blamed that they do not have the representation
they are entitled to in the legislature," said the premier. "So often they ruin
the career of one of their number who is called to a position of trust in the
government by refusing to return him to the polls."

Hon. David Marshall said that
nothing has happened in Western
Canada in recent years that had
pleased him quite so much as the way
the grain men of Saskatchewan and
Manitoba had stood by their grain
company. He said that when farmers
do this they come near to the solution
of all the problems which individually
confront them and hinder their progress.

That the farmers' wives were the
backbone of the country was the
statement made by E. E. Michener,
M.P.P. of Red Deer. He also said
that his politics stand for the
providence of Alberta, the Dominion of
Canada, the British Empire and the
federation of the world.

A great ovation awaited Jas. Bower,
for the second time president of the
W.F.A. He declared that the farmers
are the roots and all other classes
are the branches. If the roots did not
flourish the branches would surely
wither.

J. F. Frean, secretary, placed trans-
portation as the first among the great
problems which Alberta farmers are
required to solve. There were others
such as the labor problem. He hoped
the association would establish an ac-
tive labor bureau and that all govern-
ment literature would announce that
such a bureau existed. Regarding agri-
cultural education, he hoped to see the
college have an advisory committee
composed of farmers.

Dr. Tory in his address replied to
the suggestion of Mr. Frean by say-
ing that the University Senate has al-
ready made provision for an expres-
sion of the views of farmers on agri-
cultural education.

Isn't it plain that in all such
instances the buyer gets the
benefit of the "volume of busi-
ness" which advertising en-
ables the merchant to do?

TEAM DISBANDED TODAY

Players Disperse in All Directions—Whitcroft Goes to Renfrew, Hay Miller to Renfrew or Montreal Jack Winchester Retires From the Game

Special to The Capital.

Ottawa, Jan. 21.—The Edmonton hockey team disbanded today, to leave Ottawa in different directions. There will be no exhibition games. Fred Whitcroft, Edmonton's whirlwind rover, has signed a seven weeks' contract with Renfrew this morning. He will get something over \$2,000. To a Capital representative "Whitby" said: "The offer is too tempting to refuse, but tell them in Edmonton it is only for the remainder of the season, and if a team is organized next year to come east after the cup I will be the first to come. I will return to Edmonton in the spring."

Hay Miller goes to Montreal to see the Renfrew-Shamrock game tomorrow night, as both teams are after him. Renfrew is likely to get him. Winchester says he is out of the game for good. Deacon White goes to New York before going back home. The receipts last night reached \$2,800.

A CIVIC HOSPITAL

Petition Being Circulated to Have Present Instituted Municipalized

The following is a text of the petition now being circulated throughout the city in favor of public ownership of our city hospital:

"We, the undersigned taxpayers and shareholders of the city of Edmonton, petition the council to immediately take steps so that the City Hospital with all its appurtenances may become a part and parcel of our civic ownership, operated by the city even as the School Board, the Street Railway, Telephone, Water, and Electric Light, none of which said commodities can lay claim to more civic supervision than that retreat men and women seek when physical adversity overtakes them.

"The real estate of the present City Hospital is considerable (in the neighborhood of \$60,000) obtained by public efforts from them whom today voice this prayer. The existing structure and general equipment is effete; so, too, are the catering facilities, which utterly fail to supply the most vital of all public demands.

"Periodical collections and other means at present adopted for raising funds should be relegated to the exile they belong. The board, and certainly many subscribers and general public which have to date supported the Ladies' Aid and other generous impulse whose needle and thread and collection books are ever active call-

ing the necessary succor for the maintenance of the greatest of all public necessities. 'Tis the one blot on the escutcheon of this great, growing, beautiful city. Who should hesitate before giving one dollar of public money until the composition of the hospital is removed from its present constitution to more up-to-date form of government.

"We, your petitioners, pray that you will at once appoint a committee of investigation composed of three aldermen, three members of the board and three burgess members, to report to the council at an early date the best and most expeditious course to adopt that the City Hospital may become that commendable feature of Edmonton's component life and receive that recognition and municipal care it is entitled to, sturdy and suffering humanity demands it."

A Chicago Murder.

Chicago, Jan. 19.—An atrocious murder was unearthed today when the decapitated and mutilated body of Anna Furlong, also known as Jennie Clayborn, 24 years old, was found in a resort in West 17th street. The woman came here from St. Louis seven months ago. She was living apart from her husband and had been an inmate of the resort for several weeks.

Face off; Edmonton takes. Boulton goes right upon Lester and he is busy now knocking sticks aside. Edmonton attacks once more and Lester is called upon to save once again. Ottawa man gets awful bump and is down.

Miller goes off for tripping. The noise is so great one can't hear the referee's whistle; game stopped. Bronchos trying hard to save further score by Ottawa. The Senators however are going right at them. Field takes down the side and is bumped hard to boards. In a mix-up near Edmonton goal; Flash, fifthteenth game; Edmonton, Whitecroft in five minutes.

**DEACONS LEAD
THE LEAGUE**

Defeat Queens Avenue in a One-Sided Game by 8 to 0—Queens had Weakened Team

The second game finally got started at 10 p.m. just an hour late, and Deacons proved too strong for Queens which was badly crippled by playing a number of substitutes. Final score was 8 to 0 and only the excellent work of the Queens' defence, Blayne, McDougall and Dickey kept the score from being about 15-0. They played a clever game. Queens forward tried hard but were outclassed by their speedy opponents. For Deacons it would be hard to pick out a star as every man was a star in his own good. Ross Allan had Stonewall Jackson beaten to death, and Bill Banford and Jim Aldous worked like beavers. McCannon and Gordon Banford were the pick of the forwards, being very little better than Gauvreau and McKenney, who were right on the job. The pleasing feature of the game was the combination work of the Deacons men. Their out-of-town games have done them a world of good and they look easily the best team in the league. But they have another game with the Y. M. C. A., so we won't attempt any prophesying. Pete Burley handled the bell in his own inimitable manner and looked after the off-sides, being well-assisted by Lloyd Bishopric as judge of play.

The line-up was:

About Town

The Sons of England are holding their fourth social and dance of the season in the Mechanics' Hall on Wednesday, January 26th.

Thus Wolfe was fined \$15 and costs amounting to \$20.00 in all the police court this morning for carrying a revolver. The case was reported to Constable Macdonald, who made the arrest.

The council of the Board of Trade met yesterday to take action on the numerous application for the post of secretary. No appointment was made, and Robt. Farquharson will act as secretary until a permanent official is named.

Edmonton clearing houses for the week ending January 20th were \$1,223,827.00. Those for the corresponding week last year were \$699,754.47. Thus 1910 shows an increase for the week of \$244,083.33. Prospects look bright for an exceedingly busy spring.

C. R. Sloan, who has the contract for the new Crystal Block on First street, has returned from a business trip to Vancouver. While there, Mr. Sloan closed contracts for the lumber required in the building. The Edmonton Iron Works are rushing the girders along, and work will commence on the structure with the first signs of spring.

The two half-breeds, Peter and Alex. Gladecan, who were arrested some time ago up at Lac La Biche on a charge of having murdered an Indian by the name of John Redbird, will be up for trial in the Supreme Court at Edmonton about the 17th of February. Mr. E. B. Cowell will conduct the case for the crown, and Messrs. Garriery and Landry will be the solicitors for the accused.

THE GRAIN IS GOING WEST

According to Figures Supplied by Inspector George Hill, of Calgary

Calgary, Jan. 21.—Alberta grain is undoubtedly finding a market somewhere to the west, according to the figures supplied by George Hill, Government Grain Inspector. Of the 1,000 cars of last year's crop inspected in Calgary to date, not five per cent. have been consigned to eastern points, while in former years the very large bulk was shipped east and very little west.

While it is not definitely known that big orders are coming from Mexico, indications point that way. A large number of sealed samples have been sent by Calgary grain dealers to shippers in Mexico and numerous inquiries have been made as to the methods of weighing and handling the grain at the Pacific coast. The demand for spring wheat is most pronounced this year, while in former years winter wheat dominated the markets. Of 431 cars of grain inspected in Calgary for the first three weeks of January, but 33 have gone to eastern points. The talk of the government taking over the elevators in the province has had the effect of making the elevator companies very cautious and has stopped the construction of elevators to a marked extent.

A CALL THAT HAD GREAT SIGNIFICANCE

An unusual event took place in New York the other day. For nine years past, F. Murphy has been boss of Tammany Hall and for all but two years of that time, when a reform administration was in power, he has held control of the destinies of the metropolis. But in that period he has never paid a visit to the city offices, being the unseen power behind the throne. A new situation has now developed. Mayor Gaynor, who was recently elected as a Tammany nominee, showed signs of independence. The fact that the majority of the other officials are anti-Tammany men would make it somewhat difficult for him to accomplish anything for that organization, should he so desire, and Mr. Murphy felt called upon the other day to visit the city hall to bring some personal influence to bear. The afternoon of his visit, however, five high-salaried positions were filled by the selection of anti-Tammanyites.

Personal

Mr. Chas. G. Murphy of the Dominion Land Office staff at Edmonton has been transferred to Calgary.

Mr. and Mrs. W. R. Griffith of Edmonton, are visiting with Mr. and Mrs. R. J. Priesley, 1126 Sixth avenue west. Mr. Griffith is superintendent of the city of Edmonton's telephone department—Calgary Albertan.

Mr. H. A. Robson, a prominent member of the Winnipeg bar, and a member of the firm of Atkins, Robson, Fullerton and Coyne, is a visitor to Edmonton. Mr. Robson's name has been frequently mentioned of late as likely to be elevated to the Manitoba Bench.

M. Leonard, assistant to C. E. Morris at the Olympic bowling alley, has been taken to the hospital with a dangerous attack of bronchitis.

Thos. Rookes, proprietor of the Alberta Hotel and Mrs. Rookes, returned yesterday from an extended trip to London and other Ontario points.

Mr. Rookes said he missed the good Alberta sunshine and was glad to get back to Edmonton.

The C.P.R. ticket office announces that for the Edmonton-Strathcona bonspiel, February 1st to 5th inclusive, single fare tickets from Alberta points will be available. Cheap return tickets will be on sale from January 31st to February 1st, with a return limit on February 8th.

A VALUABLE SITE

First Presbyterians Consider Proposal to Sell—Dr. McQueen Appreciated

The proposition to sell the site of the First Presbyterian Church on the corner of Third street and Jasper Avenue was presented and discussed at the annual meeting of the congregation held in the auditorium of the church on Wednesday evening. The majority of the congregation are said to favor the selling of the property and the purchase of a nearby lot on which to erect a new church. It is understood that this step will eventually be taken.

The congregation decided to increase the salary of the pastor, Rev. Dr. McQueen, to \$3,000. Very complimentary remarks were made of the invaluable assistance which the pastor has given to Presbyterianism in western Canada during his long sojourn in Edmonton.

Rev. Dr. McQueen presented the report of the session, outlining the work of the church and the various societies. The report stated that owing to the congregation out-growing the capacity of the church, a new church had been established in the west end of the city to be known as Knox Church, and which will open with a substantial membership, and in good financial position.

The meeting decided to further relieve Rev. Dr. McQueen by authorizing the board of managers and the session to engage an assistant pastor for First Church.

An adjournment of the meeting was made until Wednesday evening next at eight o'clock.

The Pork Packing Proposition.
Mr. W. F. Stevens, Live Stock Commissioner, was called upon and submitted copies of draft agreement re pork packing.
